KEY RESOURCES
COURSE RESERVES

Search Reserves to find materials placed on reserve by course instructors.

- Course Reserves
  Search for all course books placed on reserve by department, course, or instructor.

NORRIS MEDICAL LIBRARY CATALOG

Search the HELIX catalog to find books and journals in the Norris Medical Library health sciences collection. To limit to eResources, include the words ELECTRONIC RESOURCE in your keyword search.

- Search NML's HELIX Catalog
  General Keyword

UNIVERSITY PARK CAMPUS LIBRARY CATALOGS

Additional books and journals in fields related to occupational therapy, including psychology, education, & sociology are in libraries on University Park Campus. Search SUMMON to find these resources.

- Summon Search Box

KEY RESOURCES

The links below provide quick access to online resources that can serve to provide a starting point for your research, however please note that these collections are limited in scope. To search for all books available on your topic, please search the HELIX Catalog for health science resources available only through the Norris Medical Library, or Summon for holdings in all USC libraries.

- AccessMedicine
  AccessMedicine includes nearly 80 ebooks, drug database, self-assessment module, USMLEEasy, Diagnosaurus (diagnostic tool covering over 1000 differential diagnoses), and 20,000 downloadable images, videos, and audio.

- Access Physiotherapy
  Textbooks, videos, images, and interactive study aids on core topics and by modality.

- R2 Digital Library
  Link to books on Occupational Therapy in the R2 Digital Library

- Thieme Electronic Book Library: TEBL (anatom.
  Link to books on anatomy and neurology in the Thieme ebook Collection.

- Ebrary Electronic Book Library
  A comprehensive collection of over 459,214 ebooks. Spans all subjects, including anthropology, business and economics, education, fine arts and music, medicine, physical sciences, psychology, and more.

WE ARE SO CONNECTED

Like Norris Medical Library on
ARTICLE DATABASES

The following databases have been selected due to their inclusion of occupational therapy topics, or other relevant material. Please note that many other databases are also available to assist you in your search:

- **PubMed@USC**
  Customized for USC users to find the full-text of articles from library holdings.

- **PubMed Clinical Queries**
  Limited to clinical studies, systematic reviews, and medical genetics. For comprehensive searches, use PubMed directly.

- **OT Seeker**
  Contains abstracts of systematic reviews and randomized controlled trials relevant to occupational therapy.

- **CINAHL with Full Text**
  CINAHL with Full Text is a rich collection of full text for nursing & allied health journals, providing full text for more than 610 journals indexed in CINAHL. Full-text coverage dates back to 1981.

- **Cochrane Library**
  Collection of Evidence-based Practice databases.

- **ProQuest Social Sciences**
  Searches the ERIC (education), PsycINFO, and Sociological Abstracts databases, as well as many others.

- **AnthroSource**
  An online portal from AAA (American Anthropological Association) that searches the full-text of anthropological resources.

- **AGELINE**
  AGELINE is produced by the American Association of Retired Persons (AARP). Content includes social gerontology - the study of aging in psychological, health-related, social, and economic contexts.

- **Web of Knowledge (Web of Science)**
  A multidisciplinary database, with searchable author abstracts, covering the journal literature of the sciences.
ANATOMY RESOURCES

- **Primal Pictures Interactive Anatomy**
  Derived from real human data, this range of software provides over 5,000 3D anatomical structures that illustrate function and biomechanics, including sports and therapy.

- **Cine Prosector**
  Each 12-18 minute video examines a specific region of the human body for review of human gross anatomy.

- **Thieme Teaching Assistant: Anatomy**
  Features all 2,000+ illustrations and clinical images from Atlas of Anatomy by Anne M. Gilroy, Brian R. MacPherson, and Lawrence M. Ross.

- **Thieme Electronic Book Library: TEEL**
  Link to electronic anatomy atlases and other e-book resources.

- **MedlinePlus Anatomy Videos**
  These videos, created by the U.S. National Library of Medicine, show the anatomy of body parts and organ systems and how diseases and conditions affect them. Requires Quicktime.
Set up “Find It @ USC” in Google Scholar

1. Step 1: On Google Scholar front page Click on
2. Step 2: Click on Library links
3. Step 3: type name into search box
4. Step 4: Select school name
5. Step 5: Click Save
ACCESSING MATERIALS
Checking Out Print Materials

- USC card = your library card
  - First time activation
  - Books: 4 weeks; one renewal
  - Reserves: 2 hours; one renewal
Accessing eResources

• On Campus:
  ○ USC Wireless

• Off Campus:
  ○ USC NetID & password
  ○ USC Net ID: First part of your @usc.edu email address, part before the @
  ○ Password: Same as your @usc.edu email password
  ○ Change password at http://mypassword.usc.edu
  ○ Problems? - Technology Support Center @ NML
     (323) 442-1968
Interlibrary Loan (*DocRetriever*)

When the library does not own an item:

- Access DocRetriever from Quicklinks dropdown
- Campus
  - Within 2 days
- Items from a different library
  - Within 5-10 days
    - Often delivered electronically
    - No charge for OT
VISITING THE LIBRARY
Hours
